### Equal Opportunity and Inclusivity Statement

At MassLUG, we support everyone regardless of their race, gender, sexual orientation, and experience level. **We do not tolerate discrimination or bullying of any kind.** We give equal opportunities to our members to share ideas and lead conversations. We accept opinions from other members and their right to express their ideas, if those opinions and ideas do not hurt anybody or ruin the integrity of the group. If you are not willing to accept people in the group, there is no place for you within the group. Breaching these inclusivity rules will result in immediate expulsion from the LUG. By checking this box, you acknowledge these terms and accept that breaching these terms will lead to your expulsion from the LUG. ☐
